EUROPEAN UNION

The logical chain: example

ENI
CBCMED
Cooperating across borders
in the Mediterranean

Priority: Support cost-effective and innovative energy rehabilitations relevant to building types and climatic zones, with a focus on public buildings

Expected result: Reduced and cleaner energy consumption in public buildings through the use of renewable energy measures and energy-saving interventions

Indicator: Estimated annual decrease of greenhouse gases and increase in kWh of RE produced

Outcome: plants producing RE installed in public buildings

Indicator: Number of energy audits carried out on public buildings and number of energy certificates delivered

Programme funded by the
EUROPEAN UNION

THE ENI CBC MED **GOVERNANCE**

A structure at the service of the Basin's actors
