The duly justified mission costs (travel, accomodation, subsistence) incurred during the contract will be reimbursed within the limits set for the civil servants of the Regional Administration belonging to the level of Director.

The coordinated and continuous collaboration contracts will define the specific modalities for the execution of the assigned office.

The coordinated and continuous collaboration relation which may be established on the basis of the ranking lists constituted on the basis of this public notice will be formalized trough a collaboration contract with the concerned person. The contract will define the object of the collaboration and the related modalities of execution, its duration, the place of work and any other legal, economic, fiscal and pension aspects. The contract will also specify that the services provided by the collaborator, of a strictly personal nature, do not create any form of exclusivity and of subordination towards the Regional Administration. The collaborator shall nevertheless take into account the instructions of the responsible JMA director to whom he/she shall refer periodically the results of its activities, in view of the necessary coordination of the services provided with the set goals.

The awarding of a contract does not create in any case a public service relation with the Autonomous Region of Sardinia.

The collaborator is subject to the incompatibility provisions foreseen by article 53 of the D.Lgs. 165/2001. He/she is also bound to observe the conduct obligations foreseen by the Conduct Code of the Autonomous Region of Sardinia approved by deliberation of the Regional Government No. 3/7 of 31 January 2014.

For the verification of the compulsory minimum requirements specified above in point h. of this article, only the experiences relevant to the profile for which the application is presented will be taken into consideration and assessed.

Art. 5 Modalities for the selection of candidates and for the constitution of the ranking lists

The selection will be articulated in two different steps:

1st Step: verification of the formal regularity of the applications received and preselection of the requests by an evaluation Commission internal to the regional Administration, established by the JMA. In particular, the Commission will verify the possession of the compulsory admission criteria specified, for each profile, in article 4 of this public notice. Then the Commission will assign the scores on the basis of the selection criteria specified, for each profile, in article 6 of this public notice, up to a maximum of 16 points. The purpose of this first step is that of establishing four preliminary ranking lists, one for each profile, based on the scores assigned. Only the first 10 candidates for each profile, meaning those who will obtain the higher scores, will pass to the second step of the selection, under the condition that they obtain **a score equal to or higher than 8 points**.

2nd Step: the 10 candidates preselected for each profile will participate in the final interview conducted by an evaluation Commission established by the JMA and composed of representatives of the regional Administration and of the countries participating in the Programme. The interview will have the objective of verifying the possession of the knowledge and competences declared by the candidate and it will lead to the attribution of maximum 10 points on the basis of the specific criteria specified, for each profile, in article 6 of this public notice. In order to be included in the final ranking lists, candidates shall obtain **a minimum score of 5 points** during the interview; candidates who will obtain less than 5 points during the interview will be excluded from the selection. The interview will be conducted in English, French; only for candidates who declare the knowledge of Arabic in the request for participation, part of the interview will be conducted in Arabic too. The JMA will reimburse the duly justified travel costs (accommodation and subsistence excluded) incurred by candidates participating in the final interviews.

The four final ranking lists, one for each profile, will be established on the basis of the total scores awarded in the two evaluation Steps, up to a total of **maximum 26 points**.

Only candidates having participated in both Steps of the selection will be included in the final ranking lists.

In case of equal scores awarded, priority will be given to the youngest applicant.

During all phases of the selection procedure, at the request of the JMA, candidates shall be able to provide certificates and supporting documents demonstrating the possession of the declared qualifications and experiences. Candidates who are unable to document or demonstrate what he/she declared, he/she is excluded from the selection procedure or from the final ranking lists or, in any case, the JMA may not sign the collaboration contract.

Candidates will have to make sure that they have obtained or can obtain the work permit enabling them to work in Italy.
